

What counts as “Upper Division Cognitive Science”?

We understand that the courses offered under the course code CGS are limited. For that reason, the following courses have been approved to replace the “Any Upper Division Cognitive Science Course” requirement in any of the Cognitive Science majors.

CGS 1XX: ANY COURSE (Currently CGS 107, CGS 138, CGS 199 [4 units], CGS 194HA or 194HB)

PSC 130: Human Learning and Memory

PSC 132: Language and Cognition

PSC 133 Neuroeconomics Reinforcement Learning & Decision Making

PSC 135: Cognitive Neuroscience

PSC 136: Psych of Music

PSC 145 Developmental Cognitive Neuroscience

PSC 152: Social Cognition

LIN 171: Introduction to Psycholinguistics

LIN 173: Language Development

LIN 175: Biological Basis of Language

LIN 177: Computational Linguistics

NPB 133: Genes and the Brain

NPB 167: Computational Neuroscience

NPB 173: Neurobiology of Brain Disorders

PHI 104: The Evolution of Mind

PHI 133: Logic, Probability, and Artificial Intelligence

ECS 170: Introduction to Artificial Intelligence

ECS 189G: Recommender Systems (When taught with this course title only!)

**This list is effective for any students admitted Fall 2019 or later
